

Invitation

Come & celebrate Daniel Delany Day 2008

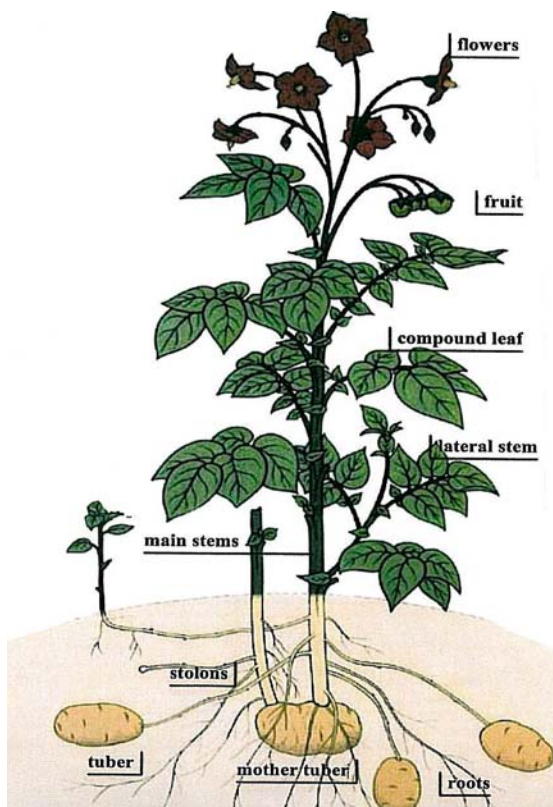

International year of the potato

The potato: symbol of hope or despair?

*Processional stooping through the turf
Turns work to ritual. Centuries
Of fear and homage to the famine god
Toughen the muscles behind their humbled knees,
Make a seasonal altar of the sod.*

From 'At a Potato Digging' by Seamus Heaney

Celebrating with storytelling & song,
concluding with lunch
